

The Y thanks everyone for the dedication and sacrifices made to ensure our youth are able to have the experience of basketball. As we follow the lead of Sheridan County and State Public Health Professionals for the remainder of the basketball the following guidelines will be in place:

- *One spectator per participant indicated by a colored wrist band at each game.
- *Masks will be required for all spectators, coaches and the players WHILE ON THE BENCH. They will not be required to wear a mask while playing.
- *We ask that parents screen players before practices and games
- *Please contact a coach and/or the Y if your child is sick, quarantined or positive for COVID

If you have any questions or concerns please contact Rustin at 674-7488
