## **2020 COVID Guidelines for 2nd & 3rd Basketball**

Dear Parents,

Due to recommendations from Wyoming Governor Mark Gordon in response to the COVID-19 virus, each participant in the YMCA's 2nd and 3rd grade basketball program for the fall 2020 season will only be allowed one spectator to be present at each session. With the numbers allowed in each gym restricted, there will only be enough for the one attendant per student to stay in compliance with the Governor's orders. Each spectator will also be asked to wear a mask. For each game, a wristband will be provided to the player so as to keep track of the numbers in attendance at any given game.

If you have any questions or concerns, please don't hesitate to give me a call or send me an email.

Thank you for your interest!

Rustin Burr
